HANDLE WITH CARE! Do not slide parts on concrete or other hard or abrasive surfaces.

Recommended procedure for assembling Lorem

Seating:

Set the seats on a "soft" or padded surface, in the location where it is going to be installed. Recommend laying it on the moving blanket. Recommend two people to assemble the seat/table unit.

1. Place seats as shown.
2. Install the bottom center hub to the seat supports.
3. Bolt the center hub with the seat supports. Tighten the nylock nuts, BUT not all the way at this time.
4. Place the table support plate over the seat supports.
5. Screw on the nylock nuts and the seat supports.
6. Tighten ALL nylock nuts.
7. Set the Table top on the table support plate.
8. Align the hole of the table with the hole on the table support plate.
9. Attached the table top with the table support plate with nuts or #12 screws provided.
10. Place the rubber grommet in the center hole of the table.
11. When using umbrella with table. ALL seats NEED to be surface mounted to the ground.
