Strata Umbrella

9/2011

Strata Umbrella

HANDLE WITH CARE! Do not slide parts on concrete or other hard or abrasive surfaces.

Recommended procedure for assembling umbrella:

Set the umbrella canopy on a "soft" or padded surface. Recommend laying it on the moving blanket. Recommend two people to assemble the umbrella.

1. Tilt the umbrella canopy as shown.
2. Slide the pole into the hole in the center of the canopy.
3. Align the bolt hole of the pole with the shaft of the canopy.
4. Bolt the pole and canopy shaft together using the 5/16" bolt.
5. Place the rain cap on top of the canopy and bolt the cap to the canopy.
6. Make sure all of the bolts are tightened.
